BATTLE OVER WOOL SCHEDULE

Contest Waged Yesterday and Last Night Resumed Today.

LOWER RATES OF DUTY

Democrats, Having Counted Noses, Are Confident of Carrying Measure Through.

Washington, Aug. 23.—The battle over the wool schedule began in the Senate yesterday and not concluded in the Senate last night, went on in the Senate again today. The wool schedule has always been a subject of sharp controversy in the consideration of tariff bills, and the present situation is no exception.

Senator Stone, who is in charge of the wool schedule, tried last night to get an agreement for a vote on wool this evening, but failed.

When the wool schedule is completed one of the big stumbling blocks in the bill will have been removed. Talk is current that the senate will be able to vote on the measure about September 15. If this is done, the new tariff rates will be in operation by October 1.

Senators Warren, Penrose and Lippett attacked the Democratic wool schedule yesterday, and kept it up about six hours. Senator Penrose declared that from the British standpoint, "This bill is almost too good to be believed. It actually carries many rates of duty much lower and more favorable to British interests than the New York importers representing the foreign manufacturers dared to ask for.'

Senator La Follette introduced his substitute for the Democratic wool schedule. It is higher than the schedule proposed by the Democrats.

Democratic leaders are not worrying over the adoption of the rates they propose on wool and woolens. They have counted noses and know they have the votes.

SHOOTS DESPERADO.

Motorcycle Policeman Knocked From His Machine by a Bullet.

Charlotte, N. C., Aug. 23.—L. L. Wilson ,a motorcycle policeman of the local department, shot and fatally injured Joe McNeeley, a negro, shortly after noon yesterday, after the negro had shot the officer down from his machine in one of the principal residence sections of the city.

Wilson was sent from police headquarters on a hurry call that a negro was shooting promiscuously in the streets. He was within a few feet of the negro when the negro opened fire. The officer fell from his machine,drew his gun and shot the negro once in the head and in the abdomen, then crawled to him and beat him over the head with a "blackjack."

The negro is reported dying in a local hospital, while the officers injuries are believed fatal.

NEWS OF THE DAY.

The body of the young woman who committed suicide by inhaling gas at the hotel at Atlantic City Thursday morning, was identified late tonight as that of Miss Veronica Bishop, of New York. Miss Bishop had declared that she was engaged to Louis E. Laroque, the wealthy clubman, who ended his life by jumping into the sound from a dock at Port Jefferson, Long Island, on August 5, and two weeks later she made an unsuccessful attempt to drown herself at the same spot where Laroque made his fatal leap.

Hair was pulled, faces scratched, clothing torn and the atmosphere was filled with screams, the trimming from hats, pieces of shirtwaists and "rats" and switches when girl strikers and strike breakers met in battle in front of the Kaiser Knitting Mills at 242 Broadway, Williamsburg, N. Y., yesterday. Scores of girls joined in the fray and attracted a crowd of several thousand persons from the Williamsburg Bridge Plaza, in front of which the factory is located. Traffic was tied up and two policemen were rushed and kicked around like the losing side in a football match before the reserves from the Clymer street station arrived and separated the belligerents.

Contracts between the New York Yacht Club and the Royal Ulster Club for next year's race for the America's cup have been signed, sealed and delivered, and now nothing stands in the way of the contest.

The Huearta administration in Mexico may reconsider its rejection of the American proposals to restore peace in Mexico and arrange a new basis for negotiations with the United States before next Tuesday. Strong intimations to this effect reached official Washington last night, along with the information that the financial condition of the Huerta administration was such that a crisis was imminent. Court warnings to both Huerta and constitutional commanders at La Boquilla, Chihuahua, Mexico, that the United States will hold them personally responsible for any violence against Americans by "any one claiming civil or military authority" was sent yesterday by Secretary Bryan through American consul Letcher at Chihuahua City.

James Lavelle was elecrocuted Thursday night, when lightning struck a moving picture machine which he was operating. A dozen other persons were injured by the severe storm, which swept through a narrow strip on the South Side, damagging residences and uprooting trees.

Jno. H. Pearson, formerly pastor of Bethany Congregational church, St. Paul, and a girl giving her name as Ida Payne, were married in Winnipeg, after an elopement from St. Paul. The marriage, however, did not take place until the couple found that the authorities were pursuing them, at the request of the parents of the girl. They are said to have hidden for a night in a hog pen to avoid detection by the police. Following this night they boarded a train for Winnipeg, where they were located, and immigration authorities discovered that Pearson had complied with all the requirements. They showed the police their marriage license, and the authorities were unable to arrest them.

Lieutenant Schmidt, of the army aviation corps, met death yesterday at Halberstadt, Prussian Saxony, after a fall of more than a mile. The Lieutenant was completing an aeroplane flight from Goslar, 30 miles west of Halberstadt, and had begun a spiral descent, when one of the wings collapsed and the machine plunged to the ground.

Fearing discovery of their clandestine love by the woman's husband after two weeks of secret metings, Mrs. Hazel Stewart, 28, and Leroy Gross, 22, divided six ounces of poison between them and then lay down to die in one another's arms in Gross's room at the home of Earl Prichard, in Indianapolis, Ind., at midnight Thursday night. Fumes of the acid awakened Pritchard and he forced an entrance to the room, where he found Gross already dead and Mrs. Stewart unconscious. She was rushed to the city hospital, and died two hours later, then unidentified, and the mystery of the suicide pact was not unraveled until late yesterday morning.

ASSAILANT IS STILL AT LARGE

Victim of Murderous Attack Has Slight Chance of Recovery.

ANTE MORTEM STORY.

Schultz, Who Attacked Reilly in Washington, Believed to Have Escaped Into Maryland.

Washington,Aug. 23—A police dragnet for the arrest of D. H. Stultz, the 30-year-old stenographer wanted for mortally wounding Francis A. Reilly, clerk to Senator Bristow, is spread throughout Maryland suburbs and along the lines of the Pennsylvania railroad this afternoon.

At 3:30 oclock this morning the fugitive was seen by a watchman in the employ of the railroad, making his way through Tuxedo, Md. Up to noon no further trace of the man had been found.

Acting United States Attorney S. McComas Hawken is now at Casualty Hospital to get an ante-mortem statement from Francis A. Reilly.

The police shortly before noon today offered a reward of $25 for the arrest of Schult.

Since a womans cream, following the firing of the shots which felled young Reilley, brought Policeman Giles to the scene of the shooting near Sixteenth and B streets northeast, this morning, a general alarm for the arrest of Schultz has been sounded. Exchanging shots with Giles, when the latter attempted to catch him Schultz held the policeman at bay and made his escape across the commons to the east. At that time it was thought that he was making his way to Baltimore.

BURNT BABIES IN OVEN.

Death of Maryland Girl Leads to Arrest and Confession of a Philadelphia Women.

Philadelphia, Aug. 23.— Through the arrest here yesterday evening of May Simmons the police declare they have solved the mystery of where the bodies of more than a score of babies recently found in the sewers of Philadelphia came from. The woman, following her arrest, acknowledged that she had burned the bodies of many babies, the result of criminal operations performed by her.

The Simmons woman is but 35 years old and is comely. Her arrest was brought about through the death of Bertha Doyle, said to be the daughter of a wealthy Maryland farmer. The name of a Marylander is given as the traducer of the girl, but the local authorities are guarding the name of the man until he can be placed under arrest.

May Simmons was arrested as the result of three young men having attempted to blackmail her. They learned of her "business" and also learned of the death of the Doyle girl, which occurred while she was undergoing the operation on a table at 1512 Arch street. They demanded that they be given $100 as the price of their silence. The woman refused. One of the men wrote an anonymous letter to detective headquarters telling of the circumstances surrounding the death of the Doyle girl. The death record showed the woman had died of "convulsions." A search for the body revealed that it had been smuggled to 1523 Arch street and later to an undertaking shop miles away from the scene of the operation. The detectives found the body just as it was about to be shipped to Maryland. A post-mortem examination revealed the cause of death.

Later the Simmons woman confessed. She told how she performed the operations, getting rid of the babies by either burning them in a furnace or throwing them in the city sewers. She has implicated others and has acknowledged that the combination of which she is a member has made thousands of dollars the last few years performing illegal operations.

YOUNG WOMEN ARE ATTACKED

Carried to Washington Park in Automobile by Companions.

BRUTALLY TREATED.

One Victim Found by Policeman Wandering in Potomac Park at an Early Hour This Morning.

Washington, Aug. 23.—Beaten and assaulted, she says, by three young men with whom she and another young woman had gone motoring, Miss Edna Beyer, twenty-one years old, of 121 Massachusetts avenue, northeast, was found early today in a hysterical condition in Potomac Park. The young woman had several bruises on her face and neck, and her clothing was torn. She was taken to the House of Detention by Park Policeman O'Connor, who found her.

According to Miss Beyer, she and Miss Effie Older, who lives at the same address, started out in an automobile last evening, with three young men whom they had known for some time, and whose names have been given to the police. About 3 o'clock this morning, she said, they were riding along the Speedway when one of the young men in the party attempted to assault her.

Miss Beyer said she broke away from the man and jumped from the machine. The man who was driving the car stopped and the other four members of the party got out. Miss Beyer asserts that the men then attacked her and that one of them grabbed her and threw her down. She says the man struck her several times.

The others then got in the machine and drove away. About two hours later, she was found wandering through the park by Officer O'Connor, who accompanied her to the House of Detention. The girl was in such a condition that it was some time later before she could give a connected account of what had occurred.

As soon as Acting Inspector of Detectives Evans heard of the case, he sent Detective Fortney to the House of Detention, to hear the girl's story. Miss Older was also sent for and questioned. The police say that a warrant will probably be applied for the arrest of the man who is alleged to have assaulted Miss Beyer.

The preliminary hearing of the case of George Morris, William Jones, and Arthur Johnson, all colored, charged with holding up and robbing Stephen H. The hearing took place before Police Justice R. Gordon Finney.

Irving Stout, who lives near Franconia, Fairfax county, appeared at the county jail yesterday morning and identified the prisoners as the men who held him up and robbed him of $13 in cash and other articles Tuesday afternoon.

As was stated in the Gazette, Mr. Feagans identified the watch and chain and other articles found in possession of the negroes as his property.

Mr. Stout identified Morris as the man who held a pistol to his face while the two others went through his clothes He also identified a stick pin and tie clasp they had in their possession as his property.

The prisoners first will be tried in Alexandria county and after they get through with them in that county they will be taken to Fairfax county to face trial.

SCENE OF THAW CASE TO SHIFT

Newport, Vermont, to Take Place of Sherbrooke,, Canada.

FRAMING THE FIGHT.

Immigration Inspector Reynolds Outlines Purposes of Canadian Authorities in Matter.

Court House, Sherbrooke, Quebec, Aug. 23.—Newport, Vt., will take Sherbrooke's place on the international map not later than Wednesday next.

It is conceded by the Thaw lawyers today that they cannot hope to prevent Harry K. Thaw,s being "rejected" by the Dominion authorities. They are framing their fight for Thaw's continued freedom from Matteawan along that line.

Charles D. White, chief counsel, spent all day yesterday there on a secret mission.

He conferred with local lawyers, but refused point blank to say what transpired there.

Immigration Inspector Reynolds, who will take Thaw over the border unless his lawyers find some way of prolonging the struggle, today discussed his plans.

"We understand that Thaw's lawyers have agreed to drop their habeas corpus proceedings," he said. "As soon as they do, the prisoner, will be brought into court on the commitment papers, which are, admittedly illegal, and discharged. We will at once take him under our care. We will proceed to Coaticooke, where Thaw was picked up, and hold a formal court of inquiry.

At that time we will ask Thaw whether he has been an inmate of a lunatic asylum within five years The merits of the case have no bearing here. Whether he is sane is not the question for us to pass upon, but we must decide whether he was an inmate of an asylum. He will, of course, admit it frankly. Then we will undoubtedly reject him as a tourist, and will order that he return to the United States."

HORNING DISMISSED.

Commissioner Garnett Decides Accused Not Guilty.

The proceedings against George D. Horning, a Washington broker, charged with placing dirt upon a government reservation at the south end of the Highway bridge, were dismissed yesterday afternoon by United States Commissioner R. P. W. Garnett after a hearing. It had been understood that the complaint had been made by the War Department, but no one appeared to prosecute the case for the government. Commissioner Garnett decided that "at the south end of the Highway bridge the government opened and dedicated for the use of the public a road of the average width, about 80 or 90 feet, and about 2,000 feet long; that thereupon the owners of abutting property facing said roads were entitled to an easement, or at least a common right to use the same, an dthat in filling in hs land to the level of the highway an owner is doing no more than he has a rght to do, even if the dirt does rest against the side of he government road."

Reports from oyster grounds show that the bivalves are of good growth and are in fine condition for this early in the season.

Boatmen are beginning to overhaul their craft to be in readiness for work.

While the demand for oysters during September is never very large, packing houses have out-of-town orders to fill besides the local demand, which is expected to take care of the cargoes as fast as they arrive.

UNIVERSITY GETS ESTATE.

Two Scholarships and Funds for Library Bequeathed by Dr. Bennett Wood Green.

Charlottesville, Va., Aug. 23.—The will of the late Dr. Bennett Wood Green has been probated and its contents made known.

Securities purchased with a fortune something like $40,000 a quarter of a century ago, have increased in value until now the estate amounts approximately $150,000.

He set aside 10 $1,000 5 per cent coupon bonds of Norfolk City and 100 shares of stock in the Citizens' Bank of Norfolk for the purpose of founding two scholarships in the University of Virginia, to be called the Bennett Wood Green scholarships. The interest on these bonds and stock is to be paid, as it accrues, to the persons who for the time being hold the scholarships.

The bulk of his estate of every kind he gives to the University of Virginia, stipulating that the income be used in such manner as the board of visitors may deem best for the benefit of the library of that institution.

The last fifteen years of Dr. Green's life was spent at the University of Virginia, where he occupied his own "hired house" on the grounds. For many years he made diligent use of the general library and persistently sought rare books for his own private collection. This private library his will gives to the university.

IN DEN OF SNAKES.

Capt. A. F. Kibler, of V. M. I., Summer School, Kills Several Rattlers.

Rockbridge Alum Springs, Va., Aug. 23.—Captain A. F. Kibler, connected with the V. M. I. summer school at this place, was a very unwilling participant in an encounter with snakes one afternoon recently.

Captain Kibler has been accustomed every afternoon after school hours, in company with his dogs and a rifle, to take long tramps into the hills. Leaving on Wednesday, at the accustomed time, he made his way along the summit of the Alum Bank. As game was very scarce he laid down in the shade of a neighboring tree for a short nap.

When he awoke, after sleeping only fifteen minutes, his gun was still at hand but the dog was gone, and the ground, so he states, was literally covered with rattlesnakes. Making his way from their midst, as easily as possible, he then killed several.One, he states, struck at him just as he arose from the ground. One of the rattlers that Captain Kibler brought back from the hotel to verify his statement measured four feet and three inches from head to tail.

Mrs. Whittum alleges that while her brother was ill no physician was called and that no treatment was given, except that he was put on a diet of corn mush while two women "healers" prayed over him.

STRIKING ITEMS.

Wythe County Shows Big Decrease in Taxable Property.

Richmond, Va., Aug. 23.—In the books received at the auditor of public accounts there are two striking items.

Alexandria county shows an increase of more than $250,000 in intangible property.

Wythe county, for the same class of property, shows a decrease of about $400,000.

Just what explanation there may be for this condition of affairs cannot at this time be stated, but the Wythe county matter is being looked into and some information will have to be furnished, Auditor Moore says.

The eastern district of Buchanan county comes along with an increase in intangible property of more than $100,000, an example which has not been followed by all the counties in that general section, especially as to the percentage of increase.

From the figures made public the following counties and districts are taken:

SKULL CRUSHED.

Fatal Accident to a Man Who Was Repairing a Locomotive.

Richmond, Va., Aug. 23.—J. Cecil Farish, of 316 East Marshall street, returned home yesterday from Bowling Green, where he attended the funeral of his brother, Lewis K. Farish, who was killed Tuesday while repairing an engine in the Virginian Railway shops at Victoria.

The accident victim learned his trade in Richmond and was well known here.

It appears that he went under the engine to put on a few bolts without the knowledge of the engineer, and when the locomotive was started in motion his skull was crushed, causing almost instant death.

He was 30 years old, and was married a few years ago to Miss Addie Irby, of Caroline county.

While the saleroom in one of the largest meat markets of Kansas City, Mo., was full of customers yesterday, Frank Mooney and Mark Hamilton, meat cutters, engaged in a death struggle across a meat block in the rear until Mooney fell dead on the floor, dead, with the long blade of the butcher knife thrust through his heart. Women screamed and fled from the store. Hamilton told the police he had stabbed Mooney because he couldn't stand his cursing.

TOOTING ONE'S OWN HORN.

Commenting on the editorial in the Gazette a few nights ago on the lack of advertising matter showing the advantages of Alexandria, a correspondent discusses the subject so clearly that it is worthy of special note in our editorial column.. He says:

"These are the days when cities and villages throughout the country are "tooting their own horns." Where there is unity of purpose manifested by the business and professional men of a community you will usually find industrial progress.

"There is no reason why Alexandria should not be keeping apace with other cities of like size and importance. Geographically, and in the way of railroad and water transportation, there is nothing lacking. Freight rates to and from Alexandria make it possible to enter into competition with other seaboard cities.

"Alexandria wants and needs more manufactories. In order to fetch to the attention of the outside world our many advanages it will be necessary to "toot our horn" a little more than we have in the past.

"It is not necessary that the trumpet blasts shall be shrill. Let them be mellifluous but continuous. If Alexandrians will bear this in mind, will put their shoulders to the wheel while they are still "tooting" they will be astonished at what they accomplished even within he brief space of a year.

SUMMER IS NEARING CLOSE.

The sands of the last summer months are rushing through the glass, over two-thirds having passed into history. Ten days hence the first fall month will have made its advent when those who have had the opportunity to indulge in vacations will be wending their way homeward.

About the average number of Alexandrians have hied themselves to watering places and rural retreats during the heated term. A small percentage have passed their vacation in Europe. The great mass, however, have, as usual remained at home and borne the heat and burden of the season.

The summer brought one of the most serious storms in the history of the city but happily there were no lives lost.

ORGANIZATION VS. MACHINES.

In an editorial in the Gazette a few days ago in reference to an article published in the Baltimore Sun on the politics of the Old Dominion, the following extract from a speech of President Wilson pointing out the difference between the machine and organization was inadvertiantly omitted.

President Wilson said some time ago:

"Machines are bad but an organization may be very essential. For instance, I have been surrounded by an organization here in New York while doing my best work. A machine uses its political opportunities for the selfish ends of its members. No members of our organization would ever think of doing that. Public opinion in New Jersey has drawn the distinction. It has killed the machines, and it is going to keep the organization going.

The particular point which we desired to bring out was that everyone admits there is an organization in Virginia that is doing good and effective work for the Democratic party in this state but that there is no personal machine such as those which controls Baltimore and New York.

DIES TRYING TO SAVE FRIEND

Slippery Sand in Rancocas Creek Leads to Double Drowning.

Moorestown, N. J., Aug. 23.—The Rancocas Creek, near the Centerton landing was the scene of another drowning Thursday afternoon, when Allen Sulzer, of No. 2829 North 11th street, Philadelphia, and Harry L. Wyman, of Moorestown, were the victims. They had been camping and were in bathing. Both were standing on a sandbar when Sulzer slipped into deep water. Not knowing tow to swim he called for help, and Wyman went to his aid. Although Wyman was a fair swimmer his companion caught him and prevented either from saving themselves. Companions in a canoe saw the accident and hurried to the scene, but they were too late to accomplish anything. The bodies were recovered last night.

Toddler Sitting on Curb Stone is Struck by Wheels.

Philadelphia, Aug. 23.—While sitting on the curbstone in front of his home, Thursday night, Joseph Levin, three years old, of No. 1529 south Beulah street, was crushed between the curbing and a wagon driven by Harry Brodsky. Young Levin was sent to the Mt. Sinai Hospital, where it was found that both legs had been badly crushed. Brodsky told the police that he did not see the lad and was unable to bring his horse to a standstill when Levin screamed. Brodsky is employed by the Southwark Pretzel Company.

PRAYER FOR DEATH ANSWERED

Girl Shot in Suicide Pact Expires After Night of Petition.

Yonkers, N. Y., Aug. 23.—Ruth Hamilton died yesterday in answer to her prayers. Brief periods of consciousness during the night, which alternated with long lapses into stupor were spent by the girl in praying that she might join her boy sweetheart, Charles Rich, who shot and killed himself after mortally wounding her, Wednesday night. They had been sweethearts a few months and had agreed to die together.

"Oh, why don't I die. Why didn't he shoot me right? I want to be buried with him," she moaned continually, unheeding the tears of her mother and sister at her bedside. They were holding her hands when she died.

Charging that Henry Sternweis a wealthy farmer, murdered his wife and three children, set fire to the farm property, and then leaped into the flames were made at Dubuque, Iowa, last night by Coroner Voelker and other officials after a day's investigation of the tragedy. Sternweis, who was said to be worth $100,000, had not lived happily with his wife for some time.

Diarrhoea Quickly Cured.

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriola, Pa., that is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. It is one of the most successful preparations that has been discovered. THE MANNA FROM HEAVEN.
Exodus 16:2-15—Aug. 24.
"Jesus said unto them, I am the Bread of Life."—John 6:35.

REALIZING both their deliverance from bondage and the Divine providence exercised in their behalf in the overthrow of the Egyptian army, the Israelites were joyful. Moses composed a beautiful poem, which the men chanted after him. The women, under the leadership of Miriam, Moses' sister, took their timbrels, or tambourines, and joined in a chorus, their bodies swaying and their feet moving rhythmically in a dance.

Singing songs of praise constitutes one of the most profitable methods of worship. But surely they are acceptable to God only as they truly represent the heart sentiments. We fear, alas, that many hymns, like many prayers, never go higher than the heads of the offerers; indeed, we have sometimes feared that careless, irreverent singing might really be resented by the Lord as profanity—taking His holy name in vain. If so, the results would be the very reverse of a blessing, in proportion as the singer comprehended the impiety of his course.

Gathering manna.

Bitter Waters, Then an Oasis.

The journey toward the Land of Promise began. At length, they came to an oasis, where there was an abundance of bitter, or brackish, water. The disappointment was great. The people murmured against Moses for bringing them from the land of plenty to die in the wilderness.

The Lord's Wisdom guided Moses to a certain kind of tree, which, put into the water, made it sweet and palatable. Moses explained that in murmuring against him they really murmured against God; for he was merely God's agent. A further journey brought them to Elim, a delightful spot, where they were refreshed.

The Scriptures explain that God had a special purpose in this leading of Natural Israel. He was teaching them helpful lessons which, rightly received, would prepare them, through faith and obedience, for Canaan.

The lesson to Spiritual Israel is still more important. If Natural Israel needed heart development and faith as a preparation for the earthly Canaan, how much more do Spiritual Israelites require for the Heavenly Canaan! Can we wonder that God permits trials of faith and patience—"bitter waters"? Any saint of God may have tears in the trying experiences of the narrow way, but none is excusable for murmuring.

"It is What?"—It is Manna.

When the Israelites murmured against God and Moses, His mouthpiece and servant, it was because of unsufficient faith. Those who truly believed in the Providence which had preserved them from the plagues of Egypt, and had brought them through the Red Sea, would reason that God would not leave them to starve in the wilderness. But the majority evidently murmured through unbelief.

So it is today. As St. Paul declares, "All men have not faith." We do not blame them for this. Evidently birth, early training and larger experiences give some a great advantage, so far as this Age is concerned; for God has ordained that the Message now is for those who have the ear of faith. Who ever has the hearing ear and can exercise faith has a blessed opportunity of making his calling and election sure under the call of the Gospel Age.

We thank God that His Word teaches of a coming Age, wherein Messiah will bless with precious opportunities those not having the hearing ear and responsive heart in this Age, and that in the Millennial Age all blind eyes shall be opened and all deaf ears unstopped.

That night God sent a great quantity of quail. One account of this wonderful supply has been criticised by some agnostics who thought it to mean that quail covered the ground to the depth of nearly five feet. The explanation is that quail, flying across the Gulf of Suez, in weariness flew close to the ground and thus were easily captured.

Jesus declared Himself the true manna.

Next morning the ground was covered with whitish particles, a little larger than mustard seed and tasting like honey wafers. This was to be their daily supply. It required gathering and preparation; and this gave them employment, without which they would have been unhappy.

Jesus declared that the manna given in the wilderness typified Himself, the true Bread. As Natural Israel would have perished without food, so Spiritual Israel would not have sufficient strength for the journey without Heavenly Food. Jesus gave Himself the title of The Truth. Whoever therefore eats of this Bread from Heaven partakes of the Truth. Only by partaking largely, daily, of our Lord's merits and His gracious arrangements for us can we become strong in Him, and enter the spiritual Canaan.—John 17:17.

WILSON PRAISES GLASS BILL.

Important Victory Scored by Administration.

Supporters of the administration currency bill scored an important victory in the House Democratic caucus yesterday, when they brought to their aid an unqualified endorsement of the measure from Secretary Bryan, and defeated proposed "insurgent" amendments that would have prohibited interlocking directorates in national or state banks incorporated under the proposed law. Secretary Bryan, in a letter addressed to Chairman Carter Glass, of the currency committee, provided the bill as it stands, declaring President Wilson had recognized fundamental rights of popular control in its provisions. He asserted that the plank of the Democratic platform against interlocking directorates was aimed chiefly at trusts, and he urged Democrats to "stand by the President" and not load down the currency bill with any amendments that might endanger its early passage.

President Wilson also issued a statement in which he lauded the work of Congress in perfecting the Glass bill, which he called a great piece of constructive work.

With Edward E. McCall's acceptance of Tammany Hall's designation as its candidate for mayor of New York, and John Purroy Mitchell, collector of the port already picked to lead the fusionists, Mayor Wilham Gaynor has been placed in the lists for re-election on an independent ticket by his friends. They assert emphatically that he will run.

Emperor William has joined the ranks of the teetotalers. He has foresworn the Fatherland famous ber and cut out his own choicest wines. His favorite drink is now lemonade, with a dash of orange juice, but he doesn't force this "Bryanade" on his guests to whom the usual wines are served.

Francis A. Reilly, 20 years old, a stenographer and clerk employed by Senator Bristow, of Kansas, was shot and mortally wounded at 2 o'clock northeast, Washington, by a man who this morning within one hundred paces of his home, at 1619 B. Street, is said to have been O. N. Schultz, his bosom chum for more than a year. One bullet lodged in his abdomen and another in his thigh. Schultz got away.

Louis Hornblower, son of W. B. Hornblower, New York lawyer and financier, died yesterday from a revolver wound self-inflicted Tuesday in Johnson City, Tenn. Hornblower was 30 years old, married, and held a clerical position in the Johnson City offices of the Carolina, Clinchfield and Ohio Railroad.

A report from Jackson, Breathitt county, Ky., said that Ashby McIntosh shot and killed Greenbery Combs. The killing is the result of the old Hargis-Cockrill feud, of which the murder of Sheriff Ed Callahan was a part. During the last week three men have been sentenced to life imprisonment for Callahan's death.

Conrad Churchill, an aged man, fell in the gutter when running from a fire at the Farmers' Seed Company store Newark, N. Y., yesterday. As he lay helpless face down water poured upon the fire flowed out into the gutter and drowned him.

Fifty miners in the Mysore gold mine at Bangalore, India, were killed yesterday when the cage in which they were riding fell to the bottom of the shaft.

Rev. John G. Brodt, pastor of the Third United Presbyterian church of St. Louis, yesterday was arrested on the charges of five boys, ranging in age from 15 to 17 years, that he bought beer for them and took them to a disorderly resort.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.
